

MUSEO ECHT

13 MIL / 210 GSM
ARCHIVAL FINE ART RAG
(MATTE)

PRINTER COMPATIBILITY

DESCRIPTION

Museo ECHT is the newest member of the Museo family. Designed for high volume production, Museo ECHT offers the authenticity of a true cotton rag in a thinner sheet and more affordable price range to support high volume production demands.

Museo ECHT is, as its name suggests "authentic and typical". As with all Museo cotton rag products, ECHT starts with 100% cotton; there are no fillers, optical brighteners or other artifacts that would impact archivability and authenticity as a true cotton rag.

However ECHT also uses improvements in design and manufacturing to reduce cost and offer the value of an archival cotton rag at a lower price.

You will not be dissatisfied by the depth of color, range of details in highlights and shadows.
